TWIST NIGHT

Design by Formstelle, 2011

The biomorphous structure of the lightweight frame combines structural strength with flowing shapes, while underscoring the sophisticated edge profiling of the table top. The TWIST NIGHT bedside table is available in round and rectangular. The product family consists of the TWIST dining table, the TWIST COUCH and TWIST STONE coffee tables, and the TWIST NIGHT bedside table.

ZEITRAUM furniture meets the highest quality and environmental standards and is primarily made of solid wood. All the materials we use come from responsible manufacturing and are for the most part sourced directly from Germany. The following describes the product: TWIST NIGHT. Due to the proportion of renewable raw materials, among other things, ZEITRAUM products can contribute to a good rating in certification programmes for sustainable buildings, such as LEED.
