

CODE 1

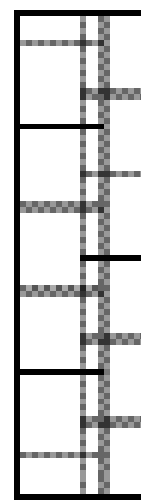

Consumer information
Version 06/2007

Contents:

- 1x Shelf with pre-installed adjusting feet
- 1x Wall mounting angle
- 2x Dowel Ø 6mm + 2x Spax screws 5x50mm (wall)
- 2x Spax screws 3,5x10mm (shelf)

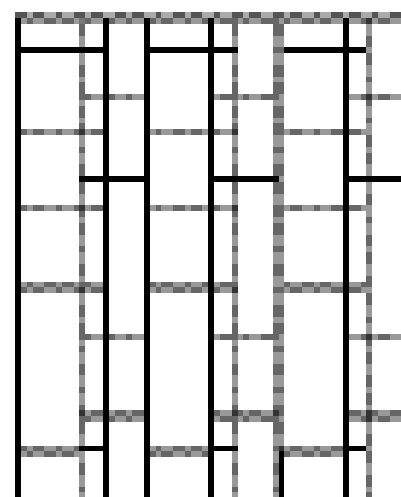

Set-up of shelf

1. Place cardboard flat on floor, lay blanket alongside.
2. Lift shelf horizontally and evenly with 2 people out of the cardboard box.
Do not bend!
3. Loosen adjusting feet.
4. Stand up shelf and adjust horizontally by adapting adjusting feet.
5. Secure against tilting by fixing wall mounting angle.

Assembling a row of shelves.

- Place shelves alongside each other and adapt adjusting feet to put shelves in line.
Fix walls one after the other to wall.
Concealed magnets prevent the sides from bulging.

NOTE:

- Never upend shelf over its corner!***
- The shelf must be wall-mounted!***
- Always make sure to move only one shelf alone at a time and only when empty!***
